Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

be able to just afford my phone. I do no calling on my phone but call local, If I wanted to call out of state or if it was something to do with my job to call long distance, I would do it from home or from my place of work. Not My Cell Phone!!!!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.
